

Sports Premium 2018-19

Sports Premium Expenditure

2018-19

We will plan strategically to further improve PE and sport provision at Beulah Junior School.

This year we will continue with popular football and basketball clubs whilst also turning our focus to giving pupil opportunity to explore a wider range of sporting activities.

We aim to ensure the whole school has access to enriching sporting activities both during and outside the school day

We aim to encourage non-participating groups of pupils to sample the range of activities on offer.

We aim to is to improve both the numbers of children who engage and the range sports on offer in our school.
